

# COMPANY PROFILE

# WHO WE ARE

**ABIS Premium Livestock Processing Limited** is a subsidiary of ABIS Group of Companies, established to mitigate the gap in the processing segment of the livestock value chain with a commitment to premium quality products and impeccable standards. Our Lagos plant has a daily average beef processing capacity of **6 tons, 6000 poultry birds, and 500 tons of a variety of fish species**, positioning the firm as a trusted hub for premium food products in Nigeria. We have **created over 400 direct jobs and another 3000 – 4000 indirect jobs in our current operation.**

Our Abuja Livestock Product Processing Facility, now under construction, is set to be a fully automated plant equipped with modern technologies, capable of concurrently processing an average of **1000 cattle daily, 400-600 tons of poultry, 1000 tons of a variety of fish species & 200 tons of sausages daily, 700-1000 direct jobs and over 10,000 indirect jobs.**

With a strong commitment to **environmental responsibility**, we have developed and incorporated sustainable waste management systems in our operations converting effluent **to biogas**, a clean source of energy to the plant hence, reducing the emission of harmful gases into the environment.

# CORPORATE PHILOSOPHY

## MISSION STATEMENT

To deliver healthy, hygienic, and high-quality livestock products in consonance with Halal requirements while promoting responsible processing practices and minimizing environmental impact.

## MISSION STATEMENT

To be the foremost provider of organic and ethically sourced livestock products in Nigeria, recognized for our commitment to quality, sustainability, and community welfare

# ABIS Group - Key Capabilities & Competitive Advantage

## Historical Excellence/Industry Leadership:

ABIS is a distinguished leader in Nigeria's livestock industry, backed by a history of excellence and a commitment to advancing industry standards. Our Lagos and ongoing Abuja facilities are designed to meet international specifications for food safety, quality, and sustainability, utilizing advanced technologies. This enduring foundation of excellence and industry leadership continues to drive our mission to be at the forefront of delivering superior, and sustainably produced livestock products, setting the benchmark for quality and reliability in the industry and uniquely positioning us as a strategic partner to meet the demands of Nigeria's growing market and expand into competitive export channels.

## Deployment of World-Class Infrastructure to Integrate Modern Technologies:

We are poised to redefine the livestock processing landscape in Nigeria through the deployment of world-class infrastructure designed to integrate modern technologies nationwide. This integrated approach strengthens the supply chain, supports local economic development, and ensures a reliable, safe, and high-quality livestock product pipeline to meet Nigeria's growing demand.

## E-Commerce Integration: ABIS Premium Livestock App:

To enhance consumer accessibility and strengthen market penetration, ABIS will deploy its proprietary E-Commerce platform, "**ABIS Premium Livestock App**". This digital platform will provide real-time access to fresh, sustainably sourced livestock products across the country. This innovation supports ABIS's goal to bridge rural and urban food supply chains, improve access to premium livestock products, and foster economic inclusion throughout Nigeria's agricultural sector.

## a) Livestock Traceability System:

b) Through targeted investment in technology, ABIS will implement a robust livestock traceability system to fundamentally enhance product quality, and food safety in alignment with global best practices. This system will allow us to track and document the origin, health history, and journey of each animal from the farm to the processing facility, ensuring complete transparency and control over product standards. By adopting this technology and integrating data management, ABIS will guarantee Quality Assurance, advance Market Access & Export Readiness, as well as ensure Rapid Disease Response and Enhanced Supply Chain Transparency.

## a) Compliance with Halal Standards:

b) Our entire operation in the livestock value chain is in strict compliance with Halal standards, ensuring that all products meet the dietary and ethical requirements of our consumers. This adherence to Halal standards encompasses each stage of processing, from sourcing and handling to slaughtering and packaging, maintaining the highest benchmarks of quality, hygiene, and religious observance. This commitment to Halal compliance underscores ABIS's role in fostering a transparent, inclusive, and quality-driven livestock processing ecosystem that respects cultural values and supports Nigeria's economic growth.

# OUR SUBSIDIARIES

# OUR PRODUCTS

**High-Quality Premium Beef:**

Succulent cuts of freshly sourced cow beef, perfect for wholesale buyers seeking top-notch quality & unbeatable flavor.
